3-day training with dogs: April 14-16, 2018

Wendy Fast & Frances Smith, Advanced TTouch Practitioners
Qualifies towards Practitioner Certification

- TTouch** Alleviates common behavioral issues: fear of thunder, leash pulling, jumping up, shyness, excessive barking, aggression, reactivity, hyperactivity, resistance to grooming, etc.
- TTouch** Gives you new tools for improving your animal's performance and pleasure-in competition, companionship or service.
- TTouch** Supports veterinary care: enhances health and well-being, reduces stress and aging issues, speeds up healing after injury, surgery or illness.
- TTouch** Deepens the relationship between you and your animal friend--dog, cat, bird, guinea pig and even reptiles!

Weekend Workshop • \$300 (Early bird \$250)

Three-day Training • \$400 (Early bird \$350)

Early bird discounts deadline: March 1, 2018
Registration limited.
