THINGS YOU SHOULD KNOW ABOUT SANTA FE:

Santa Fe is located at 7,000 feet above sea level in the Sangre de Cristo Mountains; it can take your body a day or two to adapt to the high altitude. Weather in the high desert is comfortably dry but can have rapid weather changes. Bottled water is a must all year in this dry climate.

It is common to have 30-degree temperature differences between night and day. Santa Fe averages 300 days of glorious sunshine, 14 inches of rain and 17.5 inches of snow each year. In February the average High: 50°F and the average Low: 21°F. For up-to-date weather information and historical averages, visit www.weather.com or www.visitsantafe.com.

Santa Fe is a vibrant city that offers something for everyone. Throughout the year, the city's calendar is impressively full of art exhibits, musical and theatrical performances and other events that will keep you entertained, informed and in awe of all the creativity at work here.

Please visit www.santafe.org for events, dining, art shopping and much more!

SURE FOOT® Equine Stability Program Workshop
with Wendy Murdoch

“Wendy Murdoch’s SURE FOOT Program is a priceless gift to the horse world. I have seen remarkable results in the mental, emotional and physical balance of horses standing on these pads for only five minutes. Wendy’s SURE FOOT has a permanent place in my Tellington TTouch tool kit as an aid for enhancing the behavior and performance of horses.” Linda Tellington-Jones

In this one-day workshop Wendy will cover the following:

Lecture:

Describe the hoof as a sensory organ
Presentation on the theory behind SURE FOOT
Discuss current research projects underway
Explain how to integrate SURE FOOT into your practice
Outline the four SURE FOOT Practitioner level and how to become a SURE FOOT Practitioner

Practical session:

Demonstrate SURE FOOT with horses both mounted and unmounted
Show participants how to safely use SURE FOOT pads with a variety of horses
Take participants through the SURE FOOT Balance Trail for humans
Demonstrate SURE FOOT pad variations depending on the available horses
Detail how SURE FOOT can be used in combination with TTEAM and TTouch

This workshop will count towards achieving 1 Hoof SURE FOOT Practitioner Status.
